Rogers-Highlands.

Mr. and Mrs. C. C. Rogers are in receipt of the following announcement:

Mr. and Mrs. Homer H. Highlands announce the marriage of their daughter, Jeanne to Lieutenant Joseph Carroll Rogers on Saturday, March 20th, 1920, in the city of Chicago, Illinois.

Lieutenant Joe Rogers is a native of Medina County, the eldest son of Mr. and Mrs. C. C. Rogers, and perhaps no young man has a greater number of friends among our people than he, all of whom join the Anvil Herald in extending congratulations and best wishes for a long, happy and prosperous married life.

The recruiting station here is re-opened.

REPORT OF DEPARTMENT OF EDUCATION.

Last year our school ended with 134 units of affiliation with the State Department of Education. From this article it will be seen that our institution will presently stand among the Foremost of High Schools in Texas. On February 13, 1920, Inspector Mrs. Ragsdale visited our school and secured all facts, data, and essential information natural to her line of duty. This she turned over to her Department and the chief Supervisor of High Schools, after consideration, forwarded the following report:

Austin, Texas, March 9, 1920.

Hondo High School, J. D. Howell, Superintendent.

The enrollment of the Hondo public school totals 394 white children and 23 Mexican children. The teaching force consists of 11 teachers for the white school, and one for the Mexican school. In the high school, there are 64 pupils and five teachers.

The school plant here consists of a substantial brick building two stories in height. The walls seem well constructed and well preserved, but the inside finish in the elementary rooms is in need of renewing. Otherwise, the building is in good shape.

The campus contains about five acres of land, and has a number of shade trees upon it.

The physical equipment of this school is standard in all respects, excepting for the need of a few more source books for the American history, a few reference books in civics, and a few books on social life for the various history courses offered.

The course of study and program for this high school were satisfactory in every way. Two sciences, G. S. and physics, are taught, and the equipment for the laboratory work in these is adequate, and arranged in notable and commendable order.

This school was suspended on account of the epidemic of influenza, but the supervisor met all of the high school teachers except one, and looked over the note-books throughout the school. The English and science note-books were standard in every way, but the Spanish showed a little too much disposition on the part of the teacher to correct the work of the students himself, instead of requiring the student to correct them for himself.

The school is asking for affiliation in the following subjects: S. G., 1; American history, 1 additional; Spanish, 1 additional; English, 1 additional; and community civics 1.

RECOMMENDATIONS:

1. That the affiliation as indicated above be granted this school, providing, that the material submitted measures up to the standards of the examiners.

S. M. N. MARRS, Chief Supervisor of Public High Schools.

William J. Nester, Jr.

William J. Nester, Jr., the two year old son of Mr. and Mrs. W. J. Nester died in a hospital in San Antonio early Monday morning, where he had been taken for an operation on his throat.

The little fellow had been sick with croup for several days, but on Saturday night grew a great deal worse. The dread disease would not yield to treatment and early Monday morning the attending physician and Mr. and Mrs. Nester took the child to San Antonio in the hope of saving his life by the insertion of a tube in his throat. Hardly was the hospital reached when he succumbed to the disease and the spirit of the sweet-faced little boy left its earthly abode to dwell forever among God's angels where there shall be no more tears—no more suffering.

The little body was brought back to Hondo Monday and on Tuesday afternoon was interred in the Hondo Cemetery, Rev. Falkenberg, pastor of the Lutheran Church, conducting the funeral services.

To the broken-hearted parents, in

this their hour of deepest grief, words of condolence are meaningless and time, the healer of all wounds, alone can bring succor of sorrow.

Notice.

Hal Jones Post, American Legion, will meet at the Court-house on Tuesday, March 30, at 7:30 P. M. All members are urged to be present—business of importance.

DR. O. B. TAYLOR, Post Adjutant.

Sergeant Maxwell and Corporal Brown, who were ordered back to headquarters last week, have again been sent back to Hondo and have re-opened a recruiting office in the Richter Hotel. They have some nice, attractive and lucrative positions to fill and any one caring to adopt a military career would do well to seek at the Richter and interview with the recruiting officers.

The members of the Senior Epworth League will sell Easter Eggs at Fly & Mercer's on Saturday, April 3rd. Prices 30 and 40 cents per dozen. Those wishing to place orders, ring Mrs. Sid Cartar, 226.

Died.

Mrs. Sebastian Marty, nee Naegelin, died at her home Tuesday evening, March 16, 1920, and was laid to rest at St. Louis Cemetery Thursday morning after a Requiem Mass. Rev. Father Heckmann performed the last sad rites. Deceased was born at Hirtzfelden Alsace, France, during 1835, and came to this county in 1847. She was happily married July 6, 1860, to Mr. Seb. Marty, who preceded her in death several years ago. This union was blessed with nine children, seven sons and two daughters, of which only two sons and two daughters survive. A devout Christian lady, a dutiful wife, a loving mother, and accommodating neighbor has gone to her last reward. Besides those mentioned, deceased is also survived by ten grand, and one great-grand child and a large number of other near and dear kith and kin, (among them two brothers,) to mourn her loss. A large concourse of mourning relatives and friends followed the remains to its last resting place. We join in sympathy with the bereaved ones.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Has had Stomach Trouble for 7 years.

Theodore Sanford of Fenmore, Mich., has had stomach trouble for seven years and could not eat vegetables or fruit without pain in the stomach and restless nights. By taking Chamberlain's Tablets he is now able to eat vegetables or fruit without causing pain or sleeplessness. If troubled with indigestion or constipation give these tablets a trial. They are certain to prove beneficial.

County Judge Ralph Noonan and Commissioner John Nev of D'Hanis, Henry F. Buss of Hondo, and A. F. Tondre of Castroville, comprising the Commissioners' Court of Medina, were here Friday with Commissioner Grant receiving the new concrete bridge over the Ft. Ewel, and inspecting the roads. —Devine News.

The Best Laxative.

"My sedentary habits have necessitated the use of an occasional laxative. I have tried many but found nothing better than Chamberlain's Tablets," writes George F. Daniels, Hardwick, Vt. Mr. Daniels is proprietor of the Hardwick Inn, one of the model hotels of New England.

MRS. W. Y. MORGAN FOR WOOD

Kansas Suffrage Leader Says Women of Middle West Want Him as Their Next President.

Chicago, March.—"Sentiment in Kansas is strong for Leonard Wood," said Mrs. W. Y. Morgan, wife of former Lieutenant Governor Morgan of Kansas, in a recent visit to Miss Harriet Vitrum, chairman of the Woman's organization. Leonard Wood national campaign committee. Mrs. Morgan is from Hutchinson and is head of the delegation from Reno county in the state Republican convention.

Why Colds Are Dangerous.

You are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

Much of woman's happiness is due to her ability to improve on nature.

CHRISTIANIZED FOREIGNERS PROVE LOYAL TO FLAG OF UNITED STATES

SOUTHERN BAPTISTS FIND THAT NO EVANGELIZED PERSON FROM OTHER COUNTRIES HAS PROVED TRAITOR TO HIS ADOPTED LAND—LARGE WORK IS BEING DONE AMONG THEM.

A group of large boys of foreign parentage reached and made happy by a Baptist Good Will Center.

Patriotism and religion go hand in hand in the work which Southern Baptists are doing for the foreigners in their midst, declare the several workers in the field who have found that wherever a man, woman or child of foreign birth or parentage has been won to the Christian religion, that one stands foursquare for the flag, laws and institutions of the United States. Work in evangelizing and Americanizing the 4,000,000 people of foreign birth and parentage residing within the territory of the Southern Baptist Convention has been carried on by representatives of the Home Mission Board and the Woman's Missionary Union of the Southern Baptist Convention and the various state mission boards for several years, but this work will be enlarged and intensified as a result of the larger proceeds made available for it through the 75 Million Campaign.

Important Centers Named.

Among some of the more important centers in the South and Southwest where work of this character is carried on are Richmond and Norfolk, Virginia; Baltimore, Maryland; Louisville, Kentucky; Tampa, Florida; Birmingham, Silver Hill and Mobile, Alabama; Meridian, Miss.; New Orleans and Church Point, La.; San Antonio, Laredo, El Paso and Fort Worth, Texas; Krebs, Okla., and East St. Louis, Herrin, Christopher, Harrisburg, Granite City and other points in Illinois.

Aims That Are Sought.

Indicating the aims that are sought in this work, they may be briefly summarized as follows:

1. To reach the little children that their feet may be started in the upward path.
2. To inspire the older boys and girls with ideals that will help them to improve their environments and give them strength to cope with temptations.
3. To interest the young people in sane and wholesome pleasures that their energies may be rightly directed.
4. To help the women to be better home-makers, more careful wives and mothers and better Christians.

5. To give Christ and an exalted citizenship to the neighborhood.

In addition to the nurseries and playgrounds maintained for the children, clubs and classes are held daily for young and old, the neighborhood houses being open during the winter months from 3 to 6 in the afternoon and four nights in the week from 7 to 9. In addition to the English courses cooking, sewing, first aid and nursing are taught girls, manual training and other useful courses are given the boys, along with practice in debating; while for the mothers there is instruction in housekeeping, care of the sick, sanitation and food selection. Through the mission Sunday schools, vacation Bible study classes and otherwise a knowledge of the Bible is afforded and the way thus opened for a personal surrender of lives to God.

Life of Communities Changed.

And in every community where a Good Will Center or other social work has been established by the Christian workers there has come about a marked transformation in the lives of individual members of the community and in the appearance of the home and general premises. Cleanliness has superseded dirt, happiness has taken the place of sorrow, and hope has come to lighten the faces that were formerly overshadowed by depression and doubt. Little tots who previously wandered through the streets now find pleasure and helpful entertainment in the games, stories and Bible lessons provided at the settlement houses; aimless boys and girls have been fired with zeal and ambition to become useful Christian citizens; mothers burdened with handicaps of heavy work and poverty have taken a new lease on life when they have found that there are those in the world who want to help them to a higher life; and the fathers noting the improvement of the members of their families, have yielded to the refining and uplifting influences that have been thrown about them in the home and the community. The viewpoint of the whole community has been changed and better citizens from both the patriotic and the religious viewpoint, are the result.

Ness, corresponding secretary of the Baptist Sunday School Board at Nashville.

The work is made possible by the larger funds available from the 75 Million Campaign and will be carried on by the forces of the eighteen states of the Southern Baptist Convention in co-operation with the Sunday School Board. Additional workers will be put on in every state and a large number of Sunday School institutes will be held in the hope of reaching a great majority of the rural Sunday Schools in every state. Normal Sunday School institutes will be held in fifty counties of Tennessee, for instance, and over 500 rural centers will be reached with the better system of Sunday School teaching and methods of administration. Similar methods will be followed in all the states.

Every State Enlarges Work.

Over \$300,000 a year will be expended on Sunday School field work in the territory of the Southern Baptist Convention, it is announced, and every state organization will greatly enlarge its Sunday School force, giving especial attention to the development of the rural schools.

In order that an adequate number of instructors may be available for carrying on this larger program, a thirty day normal school will be held in Nashville, beginning May 31, in the instruction in which a large regular faculty of Sunday School experts and many special lecturers will be employed.

The Sunday School Board at Nashville has just established a department of Sunday School administration which will deal with all questions of Sunday School organization and equipment. This department will be in charge of Arthur Flake, who has been a member of the field force of the Sunday School Board for quite a while, and who was formerly superintendent of the Sunday School of the First Baptist church of Fort Worth, Texas, said to be the largest Sunday School in the South.

Build Better Church Houses.

Another department of the Sunday School Board is giving attention to the encouragement of better church houses and pastors' homes in the rural districts, furnishing architects' plans for this purpose and detailed instructions without cost to churches which contemplate buildings along these lines.

WOOD FINDS FRIEND IN THREE "BUDDIES"

Chicago, March.—Three former service men saw a "buddy" in distress, at New Haven, Conn., a few nights ago and like all former service men immediately came to the rescue.

The rescued one was none other than Major General Leonard Wood, who was traveling from New York to Boston. A roaring blizzard from the sea had delayed the train for more than eighteen hours. There was no dining car attached and the station restaurant at New Haven was attacked by a cold, half-famished mob. In the mad crush many were left in the rear.

The three former service men were fortunate. They had braved many a "chow" rush and knew just what to do. They elbowed their way to the front and were fortunate enough to get a table to themselves. Then one of them spied their "buddy," got hold of his uniform and piloted him to their table. Three chairs were piled together so that four could sit down. One man took a fried egg from his plate and put it on that of the visitor. The second man added two slices of bacon from his plate and the third gave up a roll and butter. All three offered to share their coffee.

General Wood got something to eat, found fine companionship and went back to his train contented to face the rest of his arduous journey.

LOWDEN FORCES IN DANGER IN ILLINOIS

Chicago, March.—Wood will take Illinois away from Lowden, is the prediction made by William Cooper Procter, national chairman of the Leonard Wood campaign. The prediction made by Mr. Procter has brought consternation to the camp of Governor Lowden. Managers and field workers were called in from every section of the state and a general reorganization took place.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

WORE NO SHOES FOR TWO YEARS.

Los Angeles Woman Lived In Bed and Pillowed Chair Until She Started on Tanlac.

"I had to be cared for just like a baby before I began taking Tanlac," said Mrs. Alice Murphy, of 1501 Pennsylvania Ave., Los Angeles, Cal.

"Two years ago I had a very severe attack of muscular rheumatism," she continued, "and no one knows the pain and torture I have suffered since. My hands swelled until I could hardly work my fingers and I haven't been able to put on a pair of shoes because my feet were swollen so; I had sharp pains through my back so bad that at times I simply could not keep from screaming. Sometimes I got so dizzy everything seemed to spin around and then I would have sharp pains and a chilly feeling afterwards. I was so helpless that I lived propped up with pillows in a chair or in bed all the time and had to be helped from one place to another.

"I tried every medicine or treatment we could hear of, but it was money thrown away and I got so blue I did not care to live. Then my husband read in the papers about Tanlac and by the time I had taken it four or five days I saw it was helping me. Now, after taking several bottles, I can't praise Tanlac enough. My nerves are so much better I sleep like a child all night long. I am already doing my housework again and it is the first time in two years I have been able to get around at all and wear my shoes."

Tanlac is sold in Hondo by W. H. Windrow; in Castroville by Joseph Courand and Co.; and in Dunlay by Louis A. Baby.

Saathoff-Leinweber.

Mr. Albert Saathoff and Miss Helen Leinweber were happily married at the Lutheran Church here on Wednesday evening at 4 o'clock, Rev. A. Falkenberg performing the ceremony while Miss Frieda Behlen played the wedding march as they entered the Church.

The bride was beautifully gowned in a blue Crepe de Chine dress with accessories to match, while the groom wore a blue tailored suit.

The bride is the second youngest daughter of Mrs. August Leinweber and was reared into beautiful womanhood and was loved by all who knew her. The groom is the eldest son of Mr. and Mrs. Ehme Saathoff, and is a prosperous and industrious young farmer. He is to be congratulated upon winning so fair a bride for his helpmate and companion through life.

Mr. and Mrs. Saathoff will make their future home north of Hondo on Mr. Saathoff's farm, where they are followed by hearty good wishes of a host of friends.

W. M. U. Society Meets.
The ladies of the Baptist church,
with a number of invited friends,
spent a most enjoyable afternoon with
Mrs. Geo. Carle on last Thursday, the
occasion being the regular missionary
social of this organization. A fitting
program was rendered, followed by a
special feature: the members and
guests were lined up and measured,
each one subtracting the amount called
out by the director, from their
pocket-books. One guest complained
that the ladies charged him for an ex-
tra two inches. Be that as it may, all
seemed to have a good time.

At the close delicious refreshments,
in the form of hot chocolate and sand-
wiches, were served to the guests as
they listened to the sweet strains of
the gramophone.

At a late hour the guests departed
for their homes, thanking their kind
hostess for a very pleasant and profit-
able time. Some thirty members and
guests were present. On Thursday,
April 8th, the society will meet at the
home of Pastor Allen for its Bible
lesson, the book of Joshua.

"Air Line Road" Meeting.
At a meeting of farmers called at
the residence of Mr. J. H. Schweers
for the purpose of discussing the plan
for a new straight road from Hondo
to Devine the following resolutions
were passed:
I. Resolved that we oppose the lay-
ing out of a straight road from Hondo
to Devine because it will pass almost
diagonally across all surveys of land
and cause unending inconvenience,
damage and loss to the owners of pas-
tures and fields thus cut to pieces by
the proposed road.
II. The opening and improving of
such a road would require enormous
sums of money in addition to what is
now required for the improvement of
existing roads, and we hold that the
spending of money on a straight road
where there are other roads conveni-
ently located is unfair and unjust to
the taxpayers of other parts of our
county.
III. We believe that a majority of
those voting for the recent road bond
election did so in the belief and hope
that the promises, pledges and plans
of the "Good Roads Committee"
would be faithfully carried out, and
we consider any deviation from said
plans as unfair, unjust, and as reflect-
ing upon the good intentions, honesty
and integrity of above said Committee.
IV. Believing in the integrity of
our Commissioners and assuring them
of our support in their endeavors to
spend the money derived from this
bond issue wisely and well in the im-
provement of the roads uniformly and
equally in all sections of our County,
we ask them to consider carefully and
act deliberately on all road matters so
that from the expenditure of this money
no waste may result, but that the
greatest good to the greatest number
of tax paying crop producers may be
obtained.

the forenoon, County Agent Mr.
Merritt and family also being present,
also County Superintendent Saathoff
and daughter, Miss Irene. Promptly
at 10 o'clock a. m. the program began
by song by a the school; Invocation by
Rev. Lewis of Devine, Pastor of the
Baptist Church at Yancey. Rev.
Wheat, Pastor of the Methodist
Church, delivered the welcome address,
in his usual jovial, eloquent manner,
and made every body present feel that
they would be amply rewarded by
coming out to spend the day in this
manner, stressing more especially on
country and community life—a and
pointed out in many ways in which
vocational education can be helpful to
community life. Mr. Merritt introduced
the speaker of the morning session,
Mr. Cocke, who is a dairy farmer of
San Antonio, where they have an or-
ganization of dairy men, to assist each
other in the production and marketing
of dairy products. Mr. Cocke gave
out many helpful hints to the farmers
who have dairy cows, how they can
get together and realize good pay out
of the milk products of their herd.
We know that his subject was of
great benefit to this community, as
we find that already there are some
few who have bought separators and
additional milk cows in order to be-
gin to put the above theory into ef-
fect.

"So mote it be."
Mr. Merritt also gave a brief lecture
to the audience on subjects of most in-
terest to a rural community; this com-
munity owes Mr. Merritt a debt of
gratitude for his past interest in as-
sisting the people in canning. He has
been of great help to this community
in many ways, more especially in the
canning and preserving of meats,
fruits and vegetables during last year
—having placed quite a number of
Steam pressure canners in many of
our homes here. All kinds of fruits
and vegetables and meats have been
successfully canned by the housewives
of this little burg.

As it had been previously decided
to spend the entire day on the school
grounds, arrangements had been made
to have dinner on the campus, but
owing to high winds, with their at-
tendant sandstorms in this Yancey
District, it was not possible to have
the dinner out of doors, and the tables
were moved into the auditorium,
where the dinner was served, of which
there was an abundance of chicken-
fried, stewed, baked, dressed—boiled
ham, canned and fresh sausage, vege-
tables, pickles, pies, cakes and coffee.

During the program of the morning
session Miss Harris, vocational Home
Economics Lecturer of Austin arrived,
who delivered a very interesting and
instructive lecture in the afternoon,
especially directed to the vocational
Home Economics Class of our school.
Everybody present enjoyed her ad-
dress, as it is a treat to have people

of learning come to our community
and impart to us their knowledge.
Miss Harris' visit among us will be
gratefully remembered by the school
patrons of Yancey. County Supt.
Saathoff gave a short address on the
subject of taxation and scholastic pro-
rata and state aid. Every school in
the county ought to have all the State
and Federal aid available in order to
raise our rural schools to the highest
possible standard.

Instrumental music was rendered at
intervals during the program by Miss
Irene Saathoff, violinist, accompanied
by Miss Neil Wilson, pianist. There
were also several selections of vocal
music rendered by pupils of the school.
We regret to state that our music
teacher, Miss Ethel Crider, could not
be present at this meeting, as she had
been under medical treatment for
some throat affections. We are glad,
however, at this writing that she has
been able to return to her duties.

At 3 o'clock p. m. Professors How-
ell and Newton of Hondo arrived on
the school campus with their basket
ball teams, girls' and boys' respective y,
and after the program of the evening
closed—arrangements were made for
two match teams—namely: Hondo
boys vs. Yancey boys and Hondo girls
vs. Yancey girls. After a very inter-
esting game for all of the teams, both
of our home teams claimed the vic-
tory. After the ball game it was an-
nounced that supper would be served
on the campus; as the wind had abated
by this time. The tables were
moved from the auditorium and sup-
per partaken of out of doors by all
who were present at the dinner hour,
and some few who had arrived in the
afternoon. After supper the time
was spent in general chatting and con-
versation until the hour arrived for
the night program.

Several comic selections were ren-
dered by the pupils of the intermediate
rooms under the supervision of Misses
Gibson and Land.

We wish to state here that Mr. Mc-
Clendon could not be present on ac-
count of having accompanied Dr.
Smythe, our local doctor, who was
very sick, to his home at Houston.
Mr. McClendon is one of the teachers
of our school, and we were sorry that
he was unavoidably absent. Also
Miss Mary Smith, Domestic Science
teacher, could not be present on ac-
count of being confined to her room
for several days, but we are glad to
state at this writing that all of the
faculty are at work again.

Mr. Ayvord of San Antonio was the
principal speaker of the evening, and
gave us some very instructive views,
concerning the subject of High Cost of
Living. Mr. Ayvord has had oppor-
tunity to observe many things of in-
terest, to farmers especially, and
knows how to impart his views to his
fellow-men.

The meeting closed by a short ad-
dress by our Principal, Prof. J. P.
David.

WOOD TO ABIDE BY HAYS' LEADERSHIP

WILLIAM PROCTER AND CHIEFS
ARE WELL PLEASED WITH
RESULTS OF PAST WEEK.

Chicago, March.—An overwhelming sentiment for Leonard Wood's candidacy has developed in the past week, according to William C. Procter, chairman of the Leonard Wood national campaign committee.

Mr. Procter's statement followed a long conference with General Wood, Frank Hitchcock, J. J. McGraw, Fred Stanley, Frederick A. Joss, N. B. Walpole, and others actively interested in the Wood campaign.

"It is of particular gratification to all of us that Mr. Hitchcock has joined our committee," Mr. Procter said. "I want to take this occasion to deny vigorously the rumors which have been put into circulation, to the effect that anyone connected with the Wood campaign will attempt to unseat Will Hays as chairman of the national committee after a presidential candidate is chosen by the Republican party. Every staunch Republican knows that the party has made great progress under the very able leadership of Mr. Hays, and General Wood will trust his interests in his capable hands when he is nominated."

WOOD GAINS IN S. D.

Mitchell, S. D., March.—W. H. King, director of the Leonard Wood campaign in this state, makes the prediction that Leonard Wood will carry South Dakota by 35,000 to 40,000 votes. Thirty days ago Mr. King made the prediction that Leonard Wood's majority here would only be 25,000. Since then Governor Lowden visited this state and it is generally admitted that his cause has been weakened by his noncommittal talks.

NEGROES OPEN WOOD OFFICES

Chicago, March.—National headquarters for campaign work among colored people have been opened in the Idlewild hotel, East Thirty-third street and South Wabash avenue, Chicago. This is in accordance with the tremendous interest that is being shown in the candidacy of Leonard Wood for the Republican presidential nomination by the negroes of America.

TENNESSEE FOR WOOD

Nashville, Tenn., March.—The prediction that the state delegation from Tennessee at the Chicago convention will vote solidly for Leonard Wood was made by Republican leaders here following the instructing of two delegates from the First congressional district of Tennessee for Leonard Wood.

The two delegates named are W. T. Lesterman and Walter P. Shipley.

No Apologies for Being a Soldier

Chicago, March.—When told by a friend that opposition forces in Illinois were making capital of the fact that he is a soldier and in uniform, Leonard Wood declared that he had no apologies to make for the American uniform.

"If I had, it would be an insult to every soldier who died in France, or in any previous war we have waged."

WOOD WILL TOUR OHIO

Chicago, March.—Leonard Wood is planning a state-wide tour of Ohio, Senator Harding's home state, shortly before the primary of April 17. The sentiment for Harding in Ohio is said to be growing less each day and the people are beginning to think that it might be well to pick a president while they are at it instead of merely picking a "native son."

Wood in South Dakota.

Chicago, March.—Leonard Wood is spending this week in South Dakota making speeches in more than twenty different cities. He is closing his tour with a debate with Senator Miles Poindeux at Pierre March 20.

Among the cities General Wood is visiting are Watertown, Webster, Clark, Aberdeen, Woolsey, Scott, Mitchell, Madison and Brookings.

Perkins, deceased, Tamenand de Los Clark, the unknown heirs of Tamenand de Los Clark, deceased, John Ford, and the unknown heirs of John Ford, deceased, are defendants, and the cause of action being alleged as follows, to-wit: That plaintiffs are now in the possession of 100 acres of land, out of Survey No. 103, in the name of Henry Castro, living and being situated in Medina County, Texas, described by metes and bounds as follows: Beginning at the N. E. corner of said Survey No. 103; Thence West with the North line of said Survey, 1147 varas to a stake from which a mesquite 6 in. in dia. brs. 5 varas North, another mesquite W. 5 varas; Thence South 490 1/2 varas to a stake; Thence East 1147 varas to a stake; Thence North 490 1/2 varas to the place of beginning; That plaintiffs are lawfully seized and possessed of said land, holding and claiming the same in fee simple by virtue of a patent from the State of Texas to Henry Castro, dated January 2, 1862, Patent No. 1, Vol. 36—and by deeds from those holding under and by virtue of said patent; Plaintiffs further represent to the Court that on or about the 21st day of August, A. D. 1897, J. Paul Oefinger and wife, Sophia Oefinger, did execute and deliver to Charles Martin, now deceased, the father of plaintiffs, a deed, conveying to the said Charles Martin the aforesaid 100 acres of land, which said deed was duly filed for record in Medina County, Texas, where said land is situated, on or about the 21st day of August, A. D. 1897; that on or about the 1st day of August, A. D. 1907, the said Chas. Martin died; and that on or about the 7th day of November, A. D. 1908, a decree of partition among the heirs of the said Chas. Martin, deceased, and the widow of the said Chas. Martin, deceased, was rendered in the District Court of Medina County, Texas, wherein the aforesaid 100 acres was set aside and allotted to these plaintiffs; that since the 21st day of August, A. D. 1897, the said Chas. Martin, his heirs and legal representatives and these plaintiffs have had actual peaceable and adverse possession of said land, cultivating, using and enjoying the same, claiming under the aforesaid deed, and judgment, duly registered, paying all taxes due thereon, for more than five years prior to the institution of this suit; and that if defendants, or any of them had any right, title or claim to the aforesaid land, their cause of action against plaintiffs or their father, the said Chas. Martin, accrued more than five years prior to the institution of this suit, therefore the same is barred by the statute of limitation of five years; Plaintiffs further represent that their father, the said Chas. Martin, now deceased, and themselves, have had actual, peaceable and adverse possession of said land, cultivating, using and enjoying the same since the 21st day of August, A. D. 1897, and for more than ten years prior to the institution of this suit, and that if the defendants, or any of them, had any right, title or claim to said land, the cause of action for same accrued more than ten years prior to the institution of this suit, therefore the same is barred by the Statute of limitation of ten years; Plaintiffs bring this suit for the purpose of determining the estate, interest or claim, if any, that said defendants, or any of them, have in and to the aforesaid land, and to decree that title to said land to be in plaintiffs free and clear of any right, title, claim or interest which defendants, or any of them, may have in and to said land and premises; Plaintiffs pray that the defendants be cited by publication as required by law in such cases, and that upon a final hearing in the case that plaintiffs do have and recover of and from said defendants the land and premises aforesaid, and that said decree and judgment declare and adjudicate the title to said land to be in plaintiffs, free and clear of all claim, right, title or interest of defendants, or any of them; and that the Court do issue its appropriate order to carry such decree and judgment into effect, and plaintiffs pray for such other and further orders, judgments and decrees, legal or equitable, to which they may be justly entitled.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo this, the 10th day of March, A. D. 1920.

Issued same day.

U. S. OILMEN CHEER WOOD

Chicago, March.—"The strong right arm of the nation should be thrown around its citizens engaged in legitimate foreign industry," said Leonard Wood in a speech before the National Petroleum congress in Chicago.

In his address Mr. Wood made no special reference to the present situation in Mexico, but his remarks were loudly applauded when he told of similar situations that had been handled by him when engaged as chief of staff in Central America.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Medina County, Greeting:

You are Hereby Commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Medina County, a copy of the following notice:

THE STATE OF TEXAS

To All Persons Interested in the Welfare of Elroy Mofield and Dorris Tracey Mofield, Minors:

W. B. Melton has filed in the County Court of Medina County, an application for Letters of Guardianship upon the Estate of said Minors which said application will be heard at the next term of said Court, commencing on the first Monday in April, A. D. 1920, the same being the 5th day of April, A. D. 1920, at the Court House thereof, in Hondo, Texas, at which time all persons interested in the welfare of said Minors, may appear and contest said application, if they see proper to do so.

Herein Fail Not, but have you before said Court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Hondo, Texas, this 10th day of March, A. D. 1920.
[L. S.] S. A. JUNGMAN, Clerk,
County Court, Medina County, Texas.

Big Crowd Hears Wood.

Chicago, March 10.—Thousands of requests for seats for Wood speeches in Indianapolis last Friday night were turned down. Every Wood manager in Indiana and all Republican editors attended a conference with Mr. Wood in Indianapolis. Paul Maier, state senator, and W. L. Wood, state representative, are two of the important political leaders of the state who came out for Mr. Wood during the latter's visit.

Mothers

should see that the whole family take at least 3 or 4 doses of a thorough, purifying, system cleaning medicine this spring. Now is the time. The family will be healthier, happier, and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs of winter, accumulated in the system, driven away. Hollister's Rocky Mountain Tea is one of the very best and surest Spring medicines to take. Get it and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. W. H. Windrow.

How Six Hundred Children Live Together in One Big Family.

By Coleman Craig

The largest orphanage in the United States is in Texas, located seven miles out from Dallas, and is known as the Buckner Orphans Home. This institution has an interesting history. It was founded by the late R. C. Buckner in 1879.

Began with Three Children

This home, which now takes care of six hundred children, began with just three children, in a rented cottage in Dallas. In 1881 the first building was erected. From this small beginning the institution has had a marvelous growth, and during its history has taken care of many thousand children. There are now four large buildings, several cottages and 1800 acres of land. During all its history, it has been non-sectarian in its ministrations, and children have been admitted regardless of creed, though it is under the control of the Baptist General Convention of Texas.

A City Within Itself.

A visitor to the Buckner Orphans Home is impressed with the man-

agement of the home. With this in view, architects were called in, and work is now going forward in remodeling the old buildings, and in the planning of new ones, which will take care of the children in groups of thirty each instead of caring for them as a single unit of six hundred. The present buildings are now being remodeled so that each unit of thirty children will have its own apartment, with private bath and toilet. Each child will have a wardrobe where he may keep his own personal effects. Each unit will have a cozy little sitting room, tastefully furnished, and with artistic pictures and decorations. The units will each have a junior matron, who will be under the direction of the senior matron. By departmentizing and caring for the children in small groups, a long step will be taken in getting away from the institutional idea, which always exists where a large number are cared for under one management.

In further carrying out this idea, the new buildings that are to be erected out of funds provided in the Baptist 75 Million Drive, will not be large dormitories caring for several hundred, but will be cottages with a capacity of about fifty children. The management plans the erection of ten of these cottages during the next few years.

Planning to Take Care of More Children.

During the next five years the capacity of the Home will probably be doubled.

The cottages which are soon to be erected, will enable the Home to take care of an increasing number. The new policy of the Home will also favor the admittance of more half-orphaned children who have lost but one parent, but who, in the majority of cases, are in as desperate need of the Home as are the orphans.

A Big Business Enterprise.

The cost of providing the living and educational expenses of a large family of 600 is enormous. These children have to have shoes and stockings and clothes the same as other children. The increased cost of living has run the daily expense of the Home up to the figure of about \$500 per day. Eighty to ninety per cent of these expenses are cared for by free will offerings of the people of Texas. The industries and farm of the Home provides ten to twenty per cent of the expenses. The expenses of the Home for the next fiscal year will call for contributions to the amount of \$175,000.

Daily Life of Children.

A child's life at this Home is regular, and so arranged as to give it practical experience, combining the elements of play, work and education. In the morning the children go to school. In the afternoon they can be found out on the extensive grounds playing and frolicking—happy like other children. For the older boys and girls there is work to do—not burdensome and

fold activities that go on within its own bounds. The Home has its own farm; a fine dairy, stocked with good milk cows; a power plant for heating and lighting; a laundry, a bakery; and a grammar school, and the first two years of high school; a regularly organized church with its own pastor; a Sunday School; a library of 3,000 volumes, and a museum, composed of two famous collections with many thousands of geological, faunal and zoological specimens and foreign curios from all over the world.

War-chest from Battlefield of Waterloo in Museum.

Among the many interesting relics in this museum, which is at all times accessible to the children, is an old steel bound war-chest, which came from the battlefield of Waterloo. Tradition has it that this old chest belonged to the Duke of Wellington. A handsome helmet, said to have been worn at one time by Napoleon, is also in the historical collection. The museum is also the final abiding place of a crude old log cabin, which was the first residence ever built in Dallas county. For a time it served as the first post office for Dallas, and was also the first court house.

A Real Home.

Buckner Orphans Home is more than a charitable institution. It seeks to be a real home. Dr. Buckner, who died last year, was loved by all the children, and the visitor who happened in at the home would find all likelihood see the old white-haired man entirely surrounded by children of all ages who clambered up on his knees with the same freedom and familiarity as does Johnny when "daddy" comes home from the office. Dr. Buckner was affectionately known as "Father Buckner" by all the children.

Missionary from China Takes Up Father's Work.

When Dr. Buckner died, his two sons took up his work. One of them, Rev. Hal Buckner, was a missionary in South China, but upon his father's death, he returned and became general secretary. Mr. Joe D. Buckner, who had been associated with his father in the administration of the home for several years, became general manager.

It has always been the object of this orphanage to make it as much a home, and less an institution, as is possible in taking care of such

servile, for it is equitably divided, and the work is of such nature as to give the boys practical training in many of the trades and professions in which they will later make their own living; and the girls, training in home economics and management.

Its record has been unexcelled. So far as the records go, an inmate of this home has never been before any court on any criminal charge. From the Home these boys and girls go into the great outside, work-a-day world, prepared to make their own livelihood, as honest and law-abiding citizens.

OLDEST UNIVERSITY IN STATE TO CELEBRATE 75TH ANNIVERSARY

The oldest educational institution in the state of Texas, Baylor University at Waco, is to celebrate its seventy-fifth anniversary at its commencement exercises, to be held in June. For several weeks now plans have been materializing to make this event in the educational history of the state one of the most unique celebrations ever staged. Invitations are being sent out to every student who ever attended Baylor, to return to his alma mater on this occasion.

Ex-President Taft to Be Present.

Many prominent speakers will be present to speak, among them ex-President William Howard Taft. Secretary of the Navy Daniels has been appointed by President Wilson to act as his personal representative at the celebration. Among the noted preachers who will be commencement speakers are Dr. Geo. W. Truett, pastor of the First Baptist Church of Dallas, and one of the most distinguished ministers in the United States; and Dr. Geo. W. McDaniel, pastor of the First Baptist Church of Richmond, Va.

Among the features of the diamond jubilee celebration will be the presentation of Buck's masterpiece, The Passion According to St. Matthew. To present this great musical program will require a massed chorus of five hundred voices, and it will be the first time in the history of the South that a college or university has attempted to give The Passion.

Other preparations include the erection of a huge rustic altar which will seat 10,000 people. A staff of trained newspaper men will be present at the celebration to cover all the program, and from these reports a book reciting the history of the occasion will be published.

LEONARD WOOD'S WESTERN CAREER

Won Congressional Medal of Honor in Apache Campaign. Sent to Washington.

By JOHN G. HOLME.

The sea was Leonard Wood's first ambition. He wanted to enter the navy, but chances for advancement in the service were meager, and adventure beckoned in the form of an arctic expedition. He had decided to become an explorer when his father, Dr. Wood, took his son into his study one day and advised him to follow his own profession, that of medicine. The result was that Leonard Wood entered the Harvard Medical School in 1880, graduating four years later. With the aid of a hard-earned scholarship, he worked his own way through college. He tutored students and picked up other odd jobs to pay expenses.

The struggle to get a start was bitter. After serving as an interne in one of the Boston hospitals and practicing for several months in one of the poorer sections of Boston, where the people were too poor to pay much, if anything, for medical attendance, young Dr. Wood, with fifty-nine other physicians, took an examination for army surgeons, passing second in the class. He was asked if he would accept a position as contract surgeon at \$100 per month.

"Yes, if I can go West and see active service," answered Wood.

The examining officer smiled and assured Wood that he would see plenty of active service. This proved to be no idle talk.

The summons came in June, 1885. Dr. Wood was ordered to report for duty to General Crook at Fort Huachuca, Ariz., in command of operations against the Apache Indians under Geronimo. Wood arrived at Fort Huachuca on the fourth of July. Soldiers, cowboys, Indians and frontiersmen were celebrating the day with gunpowder and red liquor. The "tenderfoot" was assigned to the Fourth Cavalry, commanded by Captain Henry W. Lawton, who became famous in the Spanish-American War as a Major-General. The latter looked at his visitor and said:

"What the hell are you doing out here?"

"I want to get into the line as soon as possible."

Lawton chuckled and slapped Wood on the back and said:

"I'll see that you'll get into the line."

Rode an "Outlaw."

There was a column of Indian fighters starting off the following morning, and Wood was ordered to go along. An old sergeant brought him a mount. "A very special horse, sir," he remarked as he handed Wood the reins. The latter mounted and rode off. He soon found out that his "special horse" was no reality an "outlaw," half-broke and mean-tempered. Its gait was so vicious that even the veteran troopers shunned it. Wood rode the animal thirty-five miles that day and was not thrown. He was blistered, for the sun was hot and the "outlaw" was rough, but Wood stayed with the troopers, and, in the language of the army, he "healed in the saddle." The campaign lasted for fourteen months, leading over thousands of miles of wilderness in New Mexico and Arizona. Wood was one of the few men that went through the whole campaign. Early in the pursuit, after a twenty-five mile march, he rode seventy-four miles by night, carrying dispatches through the Indian lines, and on the following day he rode thirty miles with his troops.

When Geronimo sent word to the Americans that he was ready to surrender, Wood was one of the four officers who went into the Apache camp to negotiate. This was in old Mexico. The American officers accompanied the Indians for two weeks as they marched in a parallel column with the American troops into United States territory for formal capitulation. At one time during the march the two columns lost contact, and Wood, with his brother officers, was left at the mercy of the Reds.

Geronimo, observing Wood's new Hotchkiss rifle, asked to examine it. "I must confess I felt a little nervous," General Wood said in telling the story, "but I made no objections, and let him have the rifle and showed him how to use it." Geronimo fired at a mark and just missed one of his men. This he regarded as a huge joke, rolling on the ground in high glee and saying: "Good gun. Good gun." The Indians tried no treachery and surrendered as they had promised to do.

Twelve years later Wood was given the Congressional Medal of Honor, the nation's highest military reward, "for distinguished service in the campaign against the Apache Indians in 1886 while serving as medical and line officer in Captain Lawton's expedition."

Wood spent several years in the Southwest. He was General Miles' chief assistant in surveying Arizona. He studied military science and field maneuvers with such devotion that he was soon acknowledged to be a thoroughly competent line officer. Nor did he neglect his surgical profession. General Wood is not a vain man, but he shows a good deal of pride today when he recalls that he succeeded in saving General Miles from having his leg amputated after his horse had fallen with him, crushing the limb.

BIG STRIDES IN WOOD CAMPAIGN

Support Coming From All Sections of the Country for His Presidential Nomination.

New York.—General Leonard Wood's campaign for the presidential nomination on the Republican ticket is gathering strength and momentum more rapidly than even his most ardent supporters believed would be possible this far in advance of the National Convention, June 8.

From an humble, informal beginning in the minds of a few of General Wood's friends and admirers a few

LEONARD WOOD.

months ago, the "Wood for President" movement has spread throughout the country and there is a nation-wide demand for him as the next occupant of the White House to pilot the country through the trying days of readjustment which lie ahead.

General Wood's campaign managers are daily in receipt of the most gratifying reports from the thirty-five or more states in which there are flourishing and constantly increasing Leonard Wood Leagues. The movement is spreading so rapidly that General Wood's managers are working night and day to keep up with it. Not only are the states in which there are Wood organizations bubbling with enthusiasm over his prospective nomination, but from the native states of favorite sons, who are opposing General Wood, there continue to come the strongest and most sincere assurances that he is the popular choice of a majority of the voters. All the indications are that the people throughout the nation intend commending him as their leader in the White House because of his remarkable record as an executive, his marvelous powers as an administrator, abundantly shown in Cuba, the Philippines and during the world war, and because of his frank and fearless stand on the paramount issues of the day.

Wood Against Field.

"It is a case of Wood against the field," said Congressman Norman J. Gould, eastern manager of General Wood's campaign. "General Wood has a commanding lead because of the great amount of personal, volunteer work done by his friends and admirers before the campaign committee came into existence. The support General Wood is receiving from voters all over the country clearly indicates that they will instruct their delegates to vote for him in the convention and that the number of delegates so instructed will be sufficient to give General Wood the nomination. There will be 381 votes in the convention. General Wood will have 300 pledged delegates when the convention opens, and will need only 183 more to get the nomination."

Following General Wood's victory in New Hampshire, the first state in the Union to hold a primary for the selection of delegates, Congressman W. W. Lufkin, who is directing Wood's campaign in Massachusetts, said a careful canvass of New England showed practically every state in that section would support the general by sending delegates to the convention pledged to his nomination. Governor Milliken of Maine personally assured General Wood in Boston, recently, that that state was solidly for him.

Mr. Hitchcock's affiliating himself actively with the Wood campaign has brought strong support from the South for the general. Mr. Hitchcock has a host of friends and admirers in the South and they have been writing him many letters of congratulation on joining Wood and assuring him that the general will have many, if not all, of the Southern delegations in the convention with him.

Announcement is made by the Wood managers that they will put up an active fight for delegates in Ohio against Senator Harding and in Illinois against Governor Lowden. William Cooper Procter, national campaign manager for General Wood, has issued an unqualified denial that either General Wood or anyone connected with his candidacy will attempt to unseat Will Hays as chairman of the Republican National Committee after the national convention. This statement is official and is made in reply to baseless stories circulated by General Wood's opponents for the obvious purpose of stirring up trouble between the chairman of the Republican National Committee and General Wood.

GONE FOR GOOD.

Results That Last Are What Appeal to Hondo People.

Kidney sufferers in Hondo want more than temporary relief.

They want results that last—Results like Mr. Hay tells about. His was a thorough test. Four years is a long time. Doan's Kidney Pills have stood the test and stood it well.

Why experiment with an untried medicine? People here in Hondo have shown the way.

Read the story of J. A. Hay, farmer. He says: "Some years ago when I was working on the street cars the constant standing which the work necessitated resulted in pains across my back and kidneys. I had always heard Doan's Kidney Pills highly spoken of so I decided to try them. Doan's did me a world of good, entirely removing the trouble." (Statement given May 29, 1915).

On May 13, 1915 Mr. Hay added: "I think just as much of Doan's Kidney Pills today as ever. I haven't had occasion to use them since they cured me in 1915."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hay had. Foster-McLure Co., Mfgs., Buffalo, N. Y.

Ordinary inner tubes were made for fabric tires. Their walls are too thin to stand the overstretching to fill Cord casings—too thin to stand the friction of lower air pressure used in Cord tires.

Horse-Shoe Re-cord tubes have walls 50% thicker—9-ply of laminated rubber instead of six—made of rubber so free from impurities it floats—so tough you cannot break a strip the width of a wedding ring.

Come in and test your strength. Then you'll see why this thicker, stronger, tougher tube is breaking sales records.

Taking machines apart to see what makes them tick is just as interesting as making them go after they're put together.

In the Navy gas engine school shown above, some of our future aviators are investigating the ignition devices on an airplane engine.

The sailors get a thorough training in the gas engine and have lots of opportunities to perfect themselves in this specialty during a four years' enlistment. They are paid during the entire course, and when they finish their enlistment period they can either continue in the service or go back to civil life, well qualified to do high class garage work.
